

## SNOW STORMS IN LOS ANGELES

Other Parts of California  
Affected by a Wide-  
Sweeping Blizzard

TWO FEET ON LEVEL  
IN MIDDLE WEST

Low Temperatures Also  
Prevailed in the Area  
of the Storm

Chicago, Nov. 28.—Snow ranging in depth from two feet to an inch to-day covered all the country between the Mississippi river and the Sierra Nevada mountains, and from Canada to northern Texas, with low temperatures prevailing throughout the area. A slight snowfall occurred in northern Illinois, Indiana and as far east as Toledo, O., while word came that some snow fell in Los Angeles, Cal., and that two inches of snow covered the ground at the aviation field near Riverside, Cal. South of the snow belt there were heavy rains, and floods swept the low lands bordering the Salt and Agua Fria rivers in Arizona with possible loss of life.

Suffering in many places in the central and southwestern sections was in prospect because of the extreme cold and the limited fuel supply resulting from the coal strike. Cattle on the western ranges also were reported endangered.

In the western plains states trains were badly delayed and wire communication was crippled. At Denver, Lauder, Colo., was the coldest place in the country, according to reports, the thermometer there being 20 degrees below zero. At Abilene, Tex., it was six degrees above zero.

## FEAR LOSS OF LIFE IN ARIZONA FIRE

Many Homes Swept Away By High  
Water in Salt River and Agua  
Fria River.

Phoenix, Ariz., Nov. 28.—Portions of this city were under water to-day. Inhabitants of the lowlands along the Salt River and Agua Fria river had fled to safety and many homes had been

## Why Druggists Recommend Swamp-Root

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder medicine.

It is a physician's prescription. Swamp-Root is a strengthening medicine. It helps the kidneys, liver and bladder do the work nature intended they should do.

Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it should help you. No other kidney medicine has so many friends.

Be sure to get Swamp-Root and start treatment at once.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Barre Times.—adv.

## NO EXCUSE FOR RHEUMATISM

No matter how many Rheumatic Remedies you have tried there is only one that's absolutely sure and certain.

Get a bottle of "Neutrone Prescription 99" at your druggist's to-day, take it faithfully and you'll be rid of all soreness, stiffness and swollen, aching, painful joints and muscles, after a few days.

Oh, my, but "Neutrone Prescription 99" will surprise you, you can distinctly feel that overload of agony and pain leaving you and what a relief, so easy, it's fine!

Get a bottle today, you owe it to yourself, then say "good-bye, trouble." For sale by

E. A. Brown, the druggist, and leading druggists everywhere.

Piles Cured in 6 to 14 Days  
Druggists refund money if PAZO-  
OINTMENT fails to cure Itching, Blind,  
Bleeding or Protruding Piles. Stops Irritation. Soothes and Heals. Even get  
restful sleep after the first applica-  
tion. Price 60c.—adv.

## Nasty Colds

Get instant relief with  
"Pape's Cold Compound"

Don't stay stuffed-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a cold and ends all gripe misery. The very first dose opens your clogged-up nostrils and the air passages of your head; stops nose running; relieves the headache, dizziness, feverishness, sneezing, soreness, stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance. Contains no opiates, no quinine. Insist on Pape's!—Adv.

## TIRED AND WORN-OUT

Overworked Men and Women Find Benefit in Great Restorative.

Many sufferers from the effects of having done too much, as well as of anxiety and worry, who have little if any energy for the duties and pleasures of life, find Pepton just the tonic they need.

This real iron tonic combines the great oxidizers and vitalizers of the blood, iron and manganese, with the best substances for stimulating the nerves, perfecting the digestion, absorption and assimilation of food, and giving health and strength to the tired, worn-out, pale and nervous.

"Pepton has toned up my nerves and made me feel like a new person."

Mrs. L. A. Chute, Bay City, Mich.

Made by C. I. Hood Co., Lowell, Mass.—Adv.

## Nurses Recommend Cuticura Soap

It appeals to them because it is so pure and cleansing. It does much to keep the skin clear and healthy especially if assisted by touches of Cuticura Ointment to first signs of pimples, redness, roughness or chafing. Ideal for toilet uses.

Be sure to test the fascinating fragrance of Cuticura Soap on your skin. Soap, Ointment and Cream, 25c. each everywhere.

swept away by the flood caused by excessive rains and the breaking of the Arizona canal.

Reports of a number of families marooned on islands formed by the flood waters have reached here and fear was expressed that there had been loss of life.

## AMERICAN PEOPLE SOUND AT HEART

(Continued from page 1.)

standard which will give peace and comfort to the home and opportunities of leisure and intellectual and spiritual culture will be won. All wise and good people want an equitable distribution of the products of industry, and want every member of our population to have his rightful share in the wealth of the nation. But the weapon of the strike will become more and more unpopular. There is a better way. The best leaders of labor are seeing this light. They are seeing that it is a wasteful method, that it reacts with infinite harm upon those who use it, that it alienates invaluable friends, that it injures the country, and most of all, that it brings upon them the odium of disturbing the whole world of industry and upsetting the peace and order of the nation from end to end.

"The method of the strike is usually unnecessary and useless, reprehensible from every viewpoint and destructive of the interests of all, labor itself included. They are seeing that it is a wasteful method, that it reacts with infinite harm upon those who use it, that it alienates invaluable friends, that it injures the country, and most of all, that it brings upon them the odium of disturbing the whole world of industry and upsetting the peace and order of the nation from end to end.

## WAGE DEMAND NOT REPLIED TO

Locomotive Engineers and  
Firemen Discuss What  
They Will Do

WANTED INCREASE  
OF 40 TO 45 PER CENT

Trainmen Who Made Similar  
Demand Referred to  
President Wilson

Cleveland, O., Nov. 28.—The general chairman of the Brotherhood of Locomotive Firemen and Engineers, about 180 in number, met in separate session here to-day and discussed the demands of their organization for a wage increase of 40 to 45 per cent.

The demands were presented to the railroad administration in September but no reply has been received. The Brotherhood of Railroad Trainmen, who made similar demands, were advised that the question was up to President Wilson.

The conference of general chairmen of the four brotherhoods called by their chiefs to consider Director General Hines' offer of time and one-half overtime in slow freight service, adjourned late yesterday without accepting or rejecting the proposition. Sub-committees headed by the chiefs of the four organizations and clothed with full power to act, were authorized to go to Washington to determine what the offer means.

## SCHOOLS AND THEATRES AT KANSAS CITY CLOSE

Shortage of Coal Makes Drastic Step  
Necessary—Cold Wave Is Causing  
Hardship.

Chicago, Nov. 28.—Cold weather with snow and sleet storms to-day had spread over the middle west and south-west and rendered more critical the fuel situation brought about by the strike of bituminous coal miners who have been idle four weeks. In many cities and towns the coal shortage was acute with actual suffering in prospect in some localities. Moderation of the cold wave by to-morrow, however, was forecast.

In the large producing coal fields of Illinois, Indiana, Ohio, Pennsylvania and West Virginia the miners apparently were firm in their determination not to return to work until some wage adjustment was agreed upon. In fact, some district officials of the United Mine Workers in West Virginia predicted that many men who had returned to work would walk out again to-day.

With no prospect of an immediate cessation of production in sight and no indication of what the next step the government toward providing fuel would be, following breaking off of the miners' operators negotiations at Washington, efforts of Governor Henry J. Allen of Kansas to obtain volunteers to mine coal, and the announcement by Frederick D. Gardner, governor of Missouri, that he would call a conference of governors of coal producing states unless the government acted to-day, attracted attention.

The most drastic conservation measure announced by any of the larger cities was at Kansas City, Mo., where schools, theatres and all places of amusement were ordered closed beginning Sunday. The least essential manufacturing plants will be closed immediately, the fuel administration announced, and officials will be listed in the city for important coal users, in which all will be well nourished and well housed and well educated, in which every American youth will be trained in body and mind for the battle of life, and in which every man and woman will have an opportunity for happiness and usefulness throughout all his days, with no haunting fear of poverty and hunger when the days of active employment and productive labor are over. We may, I think, safely believe that nothing less than that is the purpose of God for us all.

"But that does not mean that there are not, around us and before us in the immediate future, perilous times. Especially if men will not think and act calmly and unselfishly, and allow time for readjustment and reconstruction. You cannot keep on paying higher and higher wages without drawing upon the community as a whole, and every supposed gain in the rise of wages must necessarily mean a rise in all prices and a corresponding decrease in the value of money which reduces the buying power of those wages. And as wages keep going up and all prices rise at length industries will become unprofitable and will close, leaving us face to face with paralysis and panic.

"So it would seem that what we need most is not strike after strike with resulting disorder, want and ill will, but a spirit of reasonable conciliation, a spirit of brotherhood and good will in working out the problems that concern us all. Brains and skill and powers of management and the spirit of enterprise are as essential to the prosperity of business, and, therefore, to the prosperity of the workman, as is the hand of the workman himself. It is impossible, or is it too late, for each to see the other's side! All worked together and fought together to win the war. Men of all classes and races and conditions went over the top together. Why can't the employer see that the prosperity and happiness of his workmen is the chief asset to him and his business? The better off the workman is, the better off the employer is. And, on the other hand, why cannot the workman be made to understand that the policy of cunning, of dawdling and shirking, of 'Ca' Canine,' as the Scotch have it, to say nothing of hindrance and sabotage, spells ruin for everybody, employer and employed alike, and to the country to which they both belong? You will never settle your social and industrial questions by the most elaborate and scholarly legislation in the world. You will settle them only when the spirit of Christ enters into all classes, and we are all determined to do to others as we would have those others do to us. Fine-spun theories to the discard—there is only one way. This other man is my brother and I am going to treat him as a brother. You will never get peace and permanent results in any other way."

Barre Woman Found  
Something Valuable

Mrs. Carl Hunt of 22 Upland avenue, Barre, Vt., says: "I suffered a general breakdown and weak spell some time ago, and nothing seemed to help me get my strength back until I tried Goldline. I had headaches and dizzy spells all the time. My heart also bothered me. My appetite was good, but I was troubled some with gas. I would get up three or four times every night. I was very nervous. Nothing did me any good, and then I came across

## SQUEEZED TO DEATH

When the body begins to stiffen  
and movement becomes painful it  
is usually an indication that the  
kidneys are out of order. Keep  
these organs healthy by taking

**GOLD MEDAL  
HARLEM OIL  
CAPSULES**

The world's standard remedy for kidney, liver, bladder and uric acid troubles. Famous since 1899. Take regularly and keep in good health. In three sizes, all druggists. Guaranteed as represented. Look for the name Gold Medal on every box and accept no imitation.

Cough

## Hayes' Healing Honey

Stops The Tickle  
By Healing The Throat  
35c per Bottle

## QUIT MEAT WHEN KIDNEYS BOTHER

Take a Glass of Salts If Your Back  
Hurts or Bladder Troubles  
You.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the salt of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.—Adv.

strike-breaking enterprise," and that the state's power would be used only to relieve the coal famine and to protect the lives of those engaged in carrying out the effort.

Messages were received by the governor from Kansas, Missouri and Texas offering to work in the mines. "The response is fine for the first day," he said.

The question of jurisdiction over 52 prisoners arrested at Carneyville, Wyo., by federal troops acting with federal officials and the county sheriff to-day remained undecided. They still were held in jail.

It was stated by operators that the strike of Wyoming miners had been broken after the arrest of the men who were alleged to be radicals.

## SOUTH FAYSTON

The Misses Martin, teachers in district No. 9, are to add to the sum of \$32.68 received from the recent box social, a sufficient sum so that the village for which the school was raising money may be obtained.

A Tickle is the Beginning.

## LADY ASTOR TO PARLIAMENT

American-Born Wife of  
Viscount Astor Was  
Triumphant

IN SHARP ELECTION  
OF NOVEMBER 15

Will Represent the Sutton  
Division of Plymouth,  
England

Plymouth, Eng., Nov. 28.—Lady Astor, American-born wife of Viscount Astor, was elected to Parliament from the Sutton division of Plymouth in the balloting of Nov. 15. The result was announced this afternoon.

The vote stood: Lady Astor, Unionist, 14,041; W. T. Gay, Labor, 9,292; Isaac Foote, Liberal, 4,180.

Lady Astor became a candidate for the Plymouth seat in the British House of Commons after the death of Viscount Astor of Ever-Hall had left her husband heir to the title and necessitated his retirement from the lower House of Parliament. Premier Lloyd George, A. J. Balfour, former secretary of state for foreign affairs and Baron Picher, former first sea lord among other notables, gave hearty approval to the advisability of the plan.

Splendid response is the rule when Poles are used for scabies, however stubborn, acne, pimples, scalp-eczema, herpes, all itching troubles, inflammations, undue redness of nose or complexion.

Hold everywhere. For free sample write to: Emergency Laboratories, 441 West 47th street, New York City.
